5. (Unclassified - DFM) LIAISON Received a call from Dan Childs, Senate Select Committee on Intelligence staff, who asked about arrangements for the 9 November orientation briefing for Senator Malcolm Wallop (R., Wyo.). I discussed with Childs the schedule for the day and told him I had been in touch with Angelo Codevilla, also of the Select Committee staff, about the arrangements.

Childs also asked about S. 1264, a bill which would revise procurement practices Government-wide and I told him I would have  OLC, call him on this subject.

6. (Unclassified - DFM) LIAISON Called Jean Christoff, Senate Select Committee on Intelligence staff, and told her I had checked with DDA officials and that approximately 50 Agency personnel were eligible to fly first class under Headquarters Regulations. I told Christoff generally the position titles of these people. 25X1

on 4 November. Moore indicated he realized the space provided the Senate Select Committee on Intelligence for their investigations during the past two months was only temporary and that we probably would not be able to procure permanent facilities that good. However, Moore said he hoped we would be able to do better than the conference room where there were continual interruptions and no desks. I told Moore I would see what could be done but for the short term he would have to either use the conference room or the extra office in the 5E11 area. Moore said he would continue in the conference room for now.
